

[Donate Today](#)

Warm greetings!

As we come to the end of 2022, we want to say thank you for being there for your community. We couldn't have done it without you! Because you helped us financially, we have been able to provide telehealth in the community, giving us the ability to still see and treat those in need.

But our services are needed now more than ever. Your donation will help us continue to meet the mental health and child welfare needs of our community.

Our staff worked overtime to identify safe indoor spaces, outdoor spaces with breathable air and inventive ways to engage children and youth over ZOOM who already struggle with communicating emotions, without the additional layer of technology to also overcome. They were comforted with the knowledge that they had the support of the community during this difficult time.

Please consider making a donation that will go right to work in your community with critical mental health services and child welfare services so children and families can heal from trauma.

Sincerely,
Kerry Ahearn, LCSW
Chief Executive Officer

P.S. Consider a donation to help a child in our community. We can't meet the needs without you!

Aldea is the essential community partner for children and families in crisis. We believe that in a family's most critical moments, the company of a trusted professional can mean the difference between strength and suffering.

Every day, our expert staff walks with young people on their journey to healing, providing the care that brings both short term comfort and long-term resilience. Because with a community of support, they discover their own ability to create a new life, one moment at a time.
